TOWN COUNCIL BUYS NUISANCE GROUND

The regular meeting of the town council on Monday night was attended by Mayor Farmer, Councillors McVey, Ferguson, Morgan, Sartoris, Beebe and Hamilton, and Secretary Kelly.

The minutes of previous regular meeting were approved as read and long lists of accounts were referred to the various committees for approval, to be paid if found correct.

Accounts included fares and meal for immigrants landing here that had to be fed while here and shipped to other points where opportunities for work were more likely to be found. Such accounts amounted to upwards of twenty dollars.

Mr. J. E. Gillis appeared before the council in behalf of the local Diamond Jubilee Confederation Celebration committee, asking that an appropriation be made for decorating part of main street, including arch, and purchasing fireworks. Upon motion a grant of \$100 was made for the latter and not less than \$50 for the former purpose, the money to be spent under the supervision of the whole council. The council promised to fittingly decorate the Victoria Street bandstand.

Applications of Steve Dorezo, Mrs. Brewer, J. Stevenson, Long Soon, Paul Chardon and P. Colombo for restaurant licenses were approved and recommendations made that they be granted provincial licenses.

Upon motion, the council decided to purchase a site from the government for a nuisance ground, the site being the south half of legal subdivision 8, section 35, township 7, range 4, west of the fifth meridian, and located immediately south of the site of the former Blairmore brewery. The purchase price is \$130.

The department of municipal affairs also wrote the council, suggesting that the extreme west subdivision between Wicart-Bellevue, avenue, Victoria Street, South River Street and Twin Bridges boundary, be included in the corporation of the town. Up to the present this land has not appeared on any municipal assessment. It comprises about 175 lots, occupied by about 60 buildings. It has been assessed only for local school purposes, the school assessment on land appearing at \$13,275, on improvements \$34,050, capable of producing income close to \$2000 a year. Council decided to look the ground over before taking action, and Councillors Beebe, Hamilton, Ferguson, Morgan and McVey were appointed a committee to go into the matter and report as soon as possible. The above property is already connected up with the town's light and water systems.

On the recommendation of Councillor Hamilton, a motion was passed authorizing the purchase of twenty feet of three-inch hose for the trench pump.

Councillor Morgan, as chairman of the public works committee, was asked to take up matter of roads improvement with the government's local roads engineer, Mr. Wallace, and submit recommendations at the next meeting of the council.

Councillor Morgan made application for the purchase of a half lot, being half of lot 15, block 23, plan 3933AA. Council agreed to sell said half lot, which adjoins Mr. Morgan's residence property, for the sum of \$25.

Motion by McVey-Hamilton—That the fire chief be advised to leave fire truck to a sub-driver to be appointed. Carried.

Mrs. Thomas Hills arrived here last week to join her husband, who has secured a position with the Blairmore Iron Works. They have taken up residence in their own house on Madawaska Street.

VISIT OF THE LORD BISHOP OF CALGARY

The Right Rev. Louis Ralph Sherman, lord bishop of Calgary, visited this part of the Diocese of Calgary on Sunday and Monday last.

On Sunday, he celebrated Holy Communion at Blairmore at 9.45 a. m., when quite a number were present. He then drove to Coleman and administered the rite of Confirmation to sixteen candidates, namely: Sydney White, Oliver Bairingham, George Derbyshire, George Snod Jack and George Rushton, Melville Corbett, Helen Corbett, Ivy Snod, Dulcie Richards, Corrie Goldring, Myfanwy Griffiths, Gladys Moores, Ivy Ashridge, Beatrice Jackson and Martha Morris. The service was most impressive throughout, about 145 being present.

The bishop then drove to Cowley, where about 125 people awaited him. From there he returned to Blairmore and at 7.30 administered the rite of Confirmation to five candidates, namely: Harvey Wheatcroft, Helen Royle, Kathleen Warke, Evelyn Bennett and Margaret Grant. Here, also, there was a large congregation to hear his lordship.

On Monday, the bishop spent all day in the country to the north of Cowley, visiting some of the people there. In the evening a reception was held in the Parish Hall at Coleman, at which there was a large turnout, both from Blairmore and Coleman. Mr. A. J. Morris welcomed the bishop on behalf of Coleman and Mr. D. G. Mackenzie on behalf of Blairmore, while Miss Dulcie Richards, in a charming little speech of welcome, brought down the house.

The bishop, in his reply, asked for the co-operation of everyone, stating that this was not a one-man affair, but that the work must be carried on by everyone putting their shoulders to the wheel. After this, the reverend introduced the bishop around the room to the different parishoners.

Mr. Ed Royle very kindly played the organ at both places on the Sunday. Mrs. Ashridge and Messrs. Hatfield and S. White contributed to the short programme these items being much appreciated—A.D.G.

CELEBRATION PROGRAMME APPROVED BY COMMITTEE

A meeting of the general Diamond Jubilee of Confederation Celebration committee was held in the Elks' hall on Tuesday night, when various sub-committees reported progress. The tentative sports programme, as arranged by the Blairmore Branch of the Canadian Legion, B.E.S.L., was read to the meeting and general approval of those present was expressed. According to the programme, an amount equal to about \$800 has been allocated for prizes for field sports.

The programme will be published in the course of a few days.

The programme committee, consisting of Chairman Gillis, Rev. Father Harrington, Rev. A. D. Currie, Rev. W. T. Young, Mr. Robert Dicken and Mr. D. McPherson, will consider the question of holding a public service on the afternoon of Sunday, July 3rd. The meeting was informed that the town council would look after the erection of an arch on Victoria Street, at or near the bandstand, and would also see that the bandstand, as a saluting point for the parade was suitably decorated.

The next regular meeting of the full committee will be held on the night of Tuesday, June 21st.

Upon the recommendation of Livingstone Lodge, Knights of Pythias, Mr. Bert Sensler was added to the committee.

Tourists passing through Blairmore would do well to call on the local Board of Trade secretary, Mr. W. W. Scott, who has on hand a quantity of guide maps and other literature of use to them.

Compare these Accounts

Blairmore, Alta., Thurs., June 9, 1927

TO ALL SPORTSMEN

The trout season opens on the 15th next Wednesday, and closes October 15th. Angling permits are now on sale at all sports goods stores, for \$2.00 for residents and \$5.00 for non-residents, or \$1.00 per day.

The angling societies, in co-operation with the department of mariculture and fisheries, have closed certain creeks in Southern Alberta. Sale

waters closed were mentioned in the press during the week of May 21st, 1927, and comprise all waters west of Lundbreck Falls, except the main river (Crows' Nest) and lakes; Owl Creek (better known as Bobb Creek) and Camp Creek, outside the forest reserve and running north to south into the North Fork River west of the Walwood Ranch; Cow (or Camp) and Connelly Creeks, north of Lundbreck in main trail to the forest reserve; Beaver Creek, south of Cowley and west of Packer Creek, tributary to the South Fork of Cus in River; Pine and Cottonwood Creeks on main trail to Waterton.

Section 17 of the Special Fisheries Act reads that: "Any person or persons caught fishing in waters that are set apart for the propagation of fish are liable to a penalty of not less than \$50.00 and costs, or six months' imprisonment in default of payment."

During the season of 1926, the department stocked these waters with 100,000 trout fry and intends to re-

stock them every year, which means more and larger fish in the main rivers and better sport in years to come. One small fish taken on this year means one less larger fish in 1928, so please help the department by returning all fish under 9 inches back to the waters. Also, wet your hands before handling fish. Do not push your fingers into the fish's mouth, but use a disgorger, which is a small wire with a "V" notched at one end. Slide the "V" down leader and disengage the hook, which will save killing the fish.

Remember, there are other fishermen growing up. Don't forget to put out all fires before you leave your camp ground and close all gates and report all illegal fishing to the fishery overseer.

For any information re angling, please write or phone the fishery overseer or guardians in your district. Mr. Joseph H. Holmes, of Pincher Station, is the official overseer.

MINING CONGRESS TO VISIT BLAIRMORE

Mr. Moses Johnson has received word that the International Mining Congress will stop at Blairmore on Friday, September the 9th.

This section of the congress comprises a party of 150 and travels by one special train.

A gist of the programme here will be announced shortly.

"FRENCH LEAVE" AT THE BLAIRMORE OPERA HOUSE MONDAY NIGHT NEXT

Characters in the order of their appearance—

Corporal Sykes, brigade mess corporal, Paul Burnand; Private Jenks, mess waiter, M. Emmerton-Court; Mdlle. Juliette, Peggy Burnand; Capt. Harry Glenister, brigade major, Lester Martin; Brig.-General Archibald Root, C.B., D.S.O.; Frank G. Vyvyan; Lieut. George Graham, acting staff captain; Alex. Wiers; M. Jules Marrier, brigade interpreter, Howard Rowe; Mdlle. Renaux; laminary brigade billet, Mary Tempest.

Scene—Mess room of brigade, resting, out of the lines, "Somewhere in France."

Act 1, morning; act 2, evening; act 3, next morning.

Friends of S. R. Hodson, publisher of the Okotoks Review, are extending sympathy to him in his recent bereavement, in the loss of his wife. The late Mrs. Hodson was a sister of Mrs. (Dr.) F. W. Stockton and Mrs. (Dr.) J. L. Gibson, and had been a resident of Okotoks for many years.

DEATH OF MR. A. BELL

The community of Bellevue was shocked to learn of the very sudden death of Mr. A. Bell, which occurred on Sunday afternoon.

Mr. Bell had been in apparent good health on Saturday and that evening had visited Blairmore with some friends. After returning home he was stricken with illness from which he failed to rally.

Mr. Bell was sixty-seven years of age and had been a resident of Bellevue for about eight years.

The loss of Mr. Bell will be keenly felt, as for years he has been a financial and moral supporter to many of the community's enterprises. Since the formation of the Bellevue and District Horticultural and Industrial Club ten years ago, he has been foremost among the contributors to the prize lists and always took a very great interest in the annual fair and the society's work in general. At the recent election of officers, he was chosen president and was anxiously looking forward to being so again next year.

Funeral took place on Wednesday afternoon, the remains being laid to rest in the Bellevue cemetery.

CROWS' NEST PASS TENNIS TOURNAMENT

A tournament of the Crows' Nest Pass Tennis League was played on the Blairmore United church courts on Wednesday afternoon between Bellevue and the United church club, resulting as follows:

Men's Singles—McLean versus Deous, 3-6, 6-4; J. A. Barbour versus Norman Anderson, 5-7, 5-7; W. Cole versus J. Rae, 3-6, 1-6.

Men's Doubles—Barliss and Hamlet versus A. Penman and P. Anderson, 0-6, 0-6; Barbour and McLean versus T. Vejprava and A. McKay, 6-0, 6-0.

Mixed Doubles—Miss Georgina Chiaravano and Mr. W. Cole versus Miss Ruby Howe and Mr. A. McKay, 1-6, 1-6.

Total points—Blairmore 4, Bellevue 2.

WOMEN CRUSHED IN BATTLE FOR ONTARIO LIQUOR

WINDSOR, Ont., June 6.—Police reserves were called out Saturday to handle the crowd that gathered at the two government liquor stores here, after several women, prospective purchasers, fainted in the rush incident to the opening at 10 a.m.

Long lines of persons began forming before the stores early yesterday and at opening time the crowd had grown to such an extent as to become unmanageable. Women close to the entrance of the stores were suffocated in the crush. Practically every policeman of the local force was required to restore order and the work required several hours. No one was seriously injured.

At closing time hundreds of persons were turned away from the stores unserved.

The need for very much greater care in the handling of Blairmore's fire truck was never so clearly demonstrated as on Friday evening last, when the fire chief and his men undertook to go out for a practice.

The truck has been stored in the east end garage of the Crows' Nest Pass Motors, where upon a call the machine could be rushed out promptly, provided a capable operator was on hand.

On Friday evening, the machine was rushed out of the garage door and across the sidewalk onto the street with apparently little or no regard for the travelling public outside. As it was, a collision occurred with one automobile, fortunately doing but little damage to either the truck or the car.

Even on a call to a fire, careful exit from the garage to the clear street would be time as well spent as fighting the blaze, for the taking of a life would be a much heavier blow to the people of the municipality than any fire could make with the town's present equipment for fighting same.

Charles Spencer Chaplin is defendant in a divorce action. "Poor Charley!"

Henry Ford is facing another suit for libel, this time by a Detroit real estate agent.

Meets in the Elk Hall the 2nd and 4th Tuesdays of each month at 8 p.m. Visitors made welcome. R. W. H. Pinkney, Exalted Ruler; J. R. McLeod, Secretary, Box 2033, Blairmore.

Lethbridge voted down the proposal to build a new high school some time ago, and proposes to cut out the commercial classes in her school system, but has, at the same time, launched a quarter of a million project for a new hotel. No, it is not and never was a question of money when it comes to education—it is a mere question of perspective.—Cardston News.

DEATH OF HARRY GATE

The death occurred at Coleman on Saturday night of Mr. Harry Gate, one of the town's pioneers and highly respected citizens, at the age of fifty-four.

Mr. Gate had been in poor health for a number of years. He is survived by his wife and six children, namely: Mrs. Roy Thomas, Mrs. A. F. Short, Mrs. F. Hart, all of Coleman; sons William and Harry in Coleman and Joseph at present away from home.

Funeral took place on Tuesday afternoon, in charge of Summit Lodge, A. F. & M., and was very largely attended. Funeral service was held in St. Alban's church and the remains were laid to rest in the Union cemetery.

During his residence in Coleman, Mr. Gate had always manifested a keen interest in every movement that pertained to the town's welfare. For some years he served as a member of the town council. He was also a valuable member of the Coleman town band.

Mr. Gate was a native of Cumberland, England, coming to Canada in 1902. The following year he came to Coleman to the employ of the International Coal & Coke Company, which company had just begun operations.

With the bereaved ones we join in sympathy.

FIRST AID ASSOCIATION CONTEST AT BELLEVUE

The Alberta Crows' Nest Pass First Aid Association has decided to hold their second annual contest at Bellevue on Labor Day, September 5th, of this year.

The contests will be held in the following classes: Senior class, fifteen; junior class, for boys (class A); junior class, for boys (class B); junior class for girls.

Class A is open to boys who have not attained their sixteenth birthday by the day of the contest. Class B is open to boys who have not attained their nineteenth birthday by the day of the contest.

The girls' class is open to girls who have not attained their eighteenth birthday by the day of the contest. Further particulars of the contests will be announced in the near future through The Enterprise.

THE ROADS TO WATERTON

If ever the roads in this country needed repairs, they do now. The recent heavy rains have washed all semblance of roads out of the trail to the Waterton Park, as well as to other parts of the country. But particularly do the people feel the need of a better road to the Park, for, in addition to the tons of freight now waiting to be carried to the Park, there are also hundreds of people here who are anxiously looking for better roads so they can run up to the Park for the week end or for the weekly half holiday.

But more important than all else is the need for advance advertising of the right kind, to attract tourists this way. Nothing can do this as well as good roads. On the other hand, nothing advertises the country so adversely as poor roads. Tourists have a habit of not travelling over bad or rough roads when they are out for enjoyment.

Again, if the new Prince of Wales hotel is to be completed by July 1st, it is certain that the roads must be mended immediately. Of course, the only permanent way to do this is to build the much-needed and long-looked-for gravelled highway to the Park.—Cardston News.

It is refreshing to find that Capt. Lindberg did not fly across the Atlantic for money. The millions offered for contracts with movie corporations and other promoters do not attract him. At this rate, he stands a good chance of really becoming immortal. His name and example will be remembered whenever true heroism is mentioned. All hail to Lindberg!—Cardston News.

Doreen Chappell won distinction in her examination under the Royal Academy of Music in piano. Miss Chappell is a pupil of Miss Chardon.

James R. Beatty, a native of Scotland, died suddenly at Coleman on Wednesday of last week. The body was shipped to New Stratford, Ohio, where his mother resides.

The new storage tank and warehouse of the British-American Oil Co., at Frank, is nearing completion. The erection of the buildings and tank afforded considerable labor.

Fifteen years ago, John Wilson, former manager of the Union Bank at Alfrs, had moved to Vancouver, where agents had tried to sell him Mirror real estate, representing it as a town of 2000 with untold possibilities.

One branch of the Alberta government has decided to cut down the high cost of living for some people, the reductions varying from 25 cents up to 75 cents a quart. Those interested will have to send for a new price list, as we do not feel that our duty to the public calls for free advertising for any revenue producing undertaking.—Ex.

Some five hundred delegates, representing industrial interests in all parts of the Dominion, met in Calgary last week in annual convention of the Canadian Manufacturers Association. The selection of Alberta as the meeting place of this important gathering indicates an appreciation of the increased industrial development of the province.

On the evening of Wednesday, June 15th, a concert will be staged in the opera house at Hillcrest, under the auspices of Missa Temple, Pythian Sisters. A splendid programme is promised, including the Blairmore Pythian Sisters' sketch "The Henpeck Hollow Sewing Circle." Concert commences sharply at 8 o'clock and the admission fee is 50 cents.

The sale of home cooking, candies and tea put on by the Bay Bees Sunday school classes of Mrs. Warner and Mrs. Womerley, in the Moose Hall on the afternoon of Saturday, May 28th, was most successful. The sum of \$125 was netted. Part of this amount, \$85, was handed over to the Sunday school piano fund, towards paying off balance due on piano. The Bay Bees have discontinued their meetings until the end of September.

A choir of 11,000 voices will sing a programme of patriotic songs and anthems in connection with the July 1st celebration of confederation at Ottawa. The nucleus of the choir will consist of the century choir of 1000 voices, selected from seventy churches, irrespective of race or creed, and for certain selections this choir will be augmented by 10,000 children from the public and separate schools. The bells of the carillon and a massed band will add to the volume of music.

Seventeen tables of court whist were at play at the drive put on Friday night last by Greenhill Temple No. 10, Pythian Sisters. The winners were: Ladies' first, Mrs. W. Lord; second, Mrs. McAndrew; consolation, Mrs. Glendinning. Gents' first, Mr. A. Hnatyshyn; second, Mr. Walter Lord, junior; consolation, Mr. A. Yelick. Following the whist, by special request, the sisters put on their sketch, "The Blairmore Henpeck Hollow Sewing Circle," which was very much enjoyed. A splendid supper was served, followed by dancing.

The sweet young thing entered the local stationer's and asked for a pound of wax.

"Wax, madam?" echoed the shop assistant.

"Yes," answered the girl, "wax for polishing the floor."

"Oh," replied the other, "we are stationers. The only wax we keep is sealing wax."

"Bother!" exclaimed the maiden, sharply. "That's no use at all. We're having a dance and I want to wax the floor, not the ceiling."—Chicago Daily News.

REV. J. W. OLIVER LEAVES FOR ONTARIO NEXT WEEK

Rev. J. W. Oliver, who for the past several years has been pastor of the United Church at Bellevue, will preach his farewell sermons on Sunday next, at Frank at 2 p.m., and at Bellevue at 7.30. Mr. Oliver and family expect to leave on Tuesday for their new field of labor at Lion Head, Ontario.

EXAMINATIONS BEING HELD UNDER MINES ACT

Examinations under the Mines Act for first-class and second-class certificates and mine surveyors' certificates are being held in Blairmore this week. The sessions are held at the court house. M. Pland and A. Wilson are writing for first class; Jean Fourneau; A. M. Davidson, J. Little and P. C. Peters for second class, and W. C. Whittaker and James A. McDonald for mine surveyors' certificates.

L. P. Robert, as managers' representative; Enoch Williams, miners' representative, and Moses Johnson, department of mines, are the examiners.

CONCERT AT HILLCREST WEDNESDAY NIGHT NEXT

A grand concert will be staged in the opera house at Hillcrest on Wednesday night next, under the auspices of Missa Temple, Pythian Sisters. The programme will include overture and selections by the Hillcrest Amateur Orchestra, violin solo, piano duets, recitations, etc., and, by special request, the sketch entitled "Blairmore Henpeck Hollow Sewing Circle" by the Pythian Sisters of Blairmore.

The Oddfellows' hall at Drumheller, which has been renovated, modernized and enlarged, was officially opened and dedicated by the grand master of the Grand Lodge of Alberta on Monday night last.

Law and Order, or Chaos?

The action of the British and Canadian Governments in breaking off diplomatic and trade relations with the Russian Soviet Government is the culmination of a long series of non-diplomatic actions on the part of the Soviet authorities, and openly expressed and active animosity to British interests in all parts of the world. Professing friendship and enjoying rights and privileges wherever the Union Jack flies, Soviet emissaries everywhere plotted and schemed to undermine British influence, destroy British interests, all with the avowed object of ultimately overthrowing the British form of government and breaking up the British Empire.

Wherever in any part of the world unrest was found to exist, wherever trouble loomed up, there the Soviet agents were busy carrying on their baneful propaganda, and always especially active if British interests were in any way concerned. The British Government continued to exercise patience and forbearance until these ceased to be a virtue. In 1920, the Soviet regarded the policy of conciliation followed by Great Britain as a sign of weakness. They treated it with contempt while taking full advantage of it.

But it is not the British Empire alone that is involved in Soviet propaganda and activities. Every nation having a regard for the continuance of law, order and good government, and interested in the maintenance of sound economic principles in all international relationships and trade, must view with concern the attitude of the Russian Communist Government. In a word, all nations must recognize the fact that there are two major forces contending for supremacy in the world today so hopelessly antagonistic to each other that both cannot survive.

On the one hand, there is the communistic idea sponsored by the Soviet, a system which denies God, decries the moral code recognized in all civilized communities, ignores rights of property, flouts on strife, discord and unrest, has no regard for obligations solemnly entered into by it, and ever seeks to promote its theories and activities through the medium of spies and supply lawless characters.

On the other hand there are those people who reverence God and religion, who uphold the moral code, who believe in the sanctity of marriage, recognize property rights, observe law and respect for constituted authority and the honorable obligations of promises and treaties, who strive for peace and the orderly solution of social and economic problems, rather than resort to revolutionary methods, spy systems, treachery, threats, intimidation, even execution without trial.

One or the other of these codes for the government of mankind must prevail; there can be no compromise where principles of conduct are so absolutely opposed. The nations of the world are coming to a realization of the situation and to an acceptance of the struggle involved. Unlike Great Britain and some other countries, the United States never recognized the Russian Soviet Government and has consistently refused to have any dealings with it. The whole English-speaking world now takes the same position. France, too, is alarmed, as is evidenced by the recent declarations made on behalf of the French Government. And U.S. Ambassador Herrick to France has declared his belief that "the people of every country have got to choose between order and anarchy, between honesty and thievery, between every day virtue and crime." "Either we believe in orderly society or we don't," he declared, "if we do, we ought to use all the power within us to defend and advance it."

Calling itself a Workers' Government, the Communists of Russia have sought to get control of organized labor throughout the world. In this they failed in Great Britain, in the United States, in Canada, where the hard common sense of the working men and the sanity and patriotism of their leaders have foiled these lawless attempts. "Reds" everywhere seek to create the impression that opposition to Bolshevism is opposition to organized labor, but nothing was further from the truth. Labor has everything to gain and lose from the spreading of the Russian doctrine and nothing to gain.

External vigilance is the price of liberty, and as there can be no true liberty under the Bolsheviks, as even many of them have learned to their sorrow, the civilized nations must remain on guard lest they fall in the pit which has engulfed the people of Russia.

Says Comet Caused War

The cause of the war was due to gaseous trails left in the earth's atmosphere by Halley's comet in 1910, declared a speaker to a meeting in Washington. The gas made humanity nervous, suspicious and irritable, he said, and if another war occurs in 1929, the Pons-Winnecke comet of last June must be blamed.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher* Proven directions on each package. Physicians everywhere recommend it.

History Will Repeat Itself

Hudson Bay Railway is Only Another Aid to Canada's Progress
Those who talk of the Hudson Bay Railway as a similar circle today should be reminded that only comparatively a few years ago Edmonton was regarded as too far north to become the centre of development territory. But Canada, once all length, broke through years ago. The Marconi wheel pushes the limit of civilization two hundred miles or so nearer the Arctic circle, and long before settlement has exhausted the lands thus made available, means will be found to utilize those beyond them. The Morning Star believes that once the Hudson Bay railway is completed and begins operation, less than a decade will elapse before those who now condemn the enterprise as hopelessly fantastic will be glad to forget that they ever posed as prophets.—Vancouver Star.

Pain in the Back Yields to Nerviline

If you have failed to secure relief from other remedies, rub on lots of good old "Nerviline," the strongest, most penetrating pain reliever on the market. Nerviline acts quickly on small pains and is the surest to drive out the big ones. It's because every drop of Nerviline rubs in, because it has the ability to slip in deeply that it drives away pain that ordinary oils eliminate won't touch. Large size, but it drives away pain that ordinary oils at all dealers.

R. A. F. Fighting Planes in Altitude Contest

Quickest Time Made in Ascent and Descent Will Decide Winner
Single-seater fighters, with motors supercharged to maintain power in this air at great heights are to take part in an altitude race at the Royal Air Force display at the Hendon Aerodrome, N.W., on July 2.

According with sealed height records, they will rush up to more than 25,000 feet or approximately five miles. Their pilots will wear electrically warmed suits and be provided with oxygen breathing appliances.

Having gained as rapidly as possible the height stipulated the pilots will come swooping back to earth again, the winner being the airman who makes the ascent and descent in the quickest time.

Attacked by Asthma. "The first fearful sensation is of suffocation, which soon grows into a desperate and hopeless. To such a case the relief afforded by Dr. J. C. Fletcher's Asthma Remedy seems nothing less than miraculous. Its help is quickly apparent, and soon the dreadful attack is mastered. The asthmatic who has found out the dependability of this sterling remedy will never be without it. It is sold everywhere."

Future of China

Outstanding Development Awaits Establishment of Stable Government

"Readjustment of affairs in China must be by the Chinese, and without foreign intervention," declared Robert Dollar, world renowned shipping magnate, who, possibly, enjoys the confidence of the leaders of Chinese national life more than any other living white man. In an interview at Ottawa, he is a former Ottawa boy, famous character of "Cappy Ricks." "A most astounding development of commerce will take place in China," declared Mr. Dollar. "It awaits only a stable and steady government which must come. When I wish I could answer that. But with a civil war raging throughout China, trade and commerce has flourished tremendously. When the war is over, imagine the development. And imagine the effect upon Canada, the neighbor of China, when this development comes. Already Vancouver is feeling the benefit of Chinese trade."

Raised Thousands of Sheep
An old Norfolk shepherd died recently at Follwell, England, at the age of 82. He was apprenticed as a shepherd at an early age and continued in that employment throughout the rest of his life. During his period of service he is estimated to have raised 200,000 sheep and only retired a few years before his death.

Oil for Pacific Naval Base
Representatives of the Anglo-Persian and other British oil companies have inspected oil exploration possibilities in Alberta recently with a view to securing a new oil supply area for the North Pacific naval base.

Jubilee Programme

A Message of Thanksgiving From Coast to Coast
In over half a century of Confederation shall be ushered in a uniform and fitting fashion, the national committee suggests that at high noon on July 1 bells be rung, whistles be blown, and wherever possible bands play "God Save the King" and "O Canada." Thus from coast to coast there will resound a message of thanksgiving for the past 60 years of progress, and of optimism for the future.

It is the intention of the national committee to issue invitations to a considerable number of distinguished persons to attend the opening ceremonies of the celebration in Ottawa July 1. Among those who will be especially invited will be the surviving sons and daughters of the Fathers of Confederation, who are scattered throughout the Dominion and some of whom reside in Great Britain and elsewhere.

Invitations also will be sent to Hon. James Howard, British ambassador at Washington; Hon. P. C. Larkin, Canadian High Commissioner in London; Hon. Philippe Roy, Canadian High Commissioner at Paris; Hon. Vincent Massey, Canadian Minister at Washington; Hon. T. A. Smiley, Minister Plenipotentiary of the Irish Free State at Washington; Sir Hugh Dawson, Commissioner for Australia at New York; Hon. Eric Lough, Commissioner of the Dominion of South Africa; Hon. W. J. S. Stevenson, official representative of the Dominion of New Zealand, New York; the Hon. W. F. Munroe, Premier of Newfoundland, and William Phillips, United States Minister to Ottawa.

In addition special invitations will be sent to consultants-general resident in the Dominion of Canada.

Among others who will be specially invited to attend will be the Hon. Charles H. McNish, who was in an editor's chair at the time of Confederation, who is a former mayor of Ottawa, a former member of the House of Commons, and a former Lieutenant-Governor of the North West Territories.

More Shoes for Women

Increased Output in Canada Far Ahead of Men's Wear

Women use more shoes than men in Canada. Nearly 300,000 more pairs of leather and felt footwear were manufactured for women in March than were produced in the previous month. The increase in production for men over the output in February was only 37,152 pairs. A report issued by the Dominion Bureau of Statistics shows that 652,955 pairs were manufactured for women in March and a total of 533,295 pairs for men. The total figures for the best shoe production record an increase in output of 276,629 pairs in March as against February.

Always Ready and Reliable.
Practically all pains arising from inflammation have been removed with Dr. Thomas' Electric Oil. Simply rub it on the sore spot and it is quickly relieved by the skin. Its healing power is conveyed to the inflamed tissue which is quickly soothed. It is also a specific for all manner of cuts, scratches, bruises and sprains. Keep a bottle handy always.

Motorists a'd Fires

If there were any way of arriving at the cause of the current motorist and woodland fires it might very well be found that more of them are due to careless motorists than to careless fishermen and hunters. Hundreds, perhaps thousands, of burning fires and cigarette ends are thrown from automobiles every day with no thought of their landing place. A single act of negligence like that may be responsible for a most disastrous fire.

PIMPLES BROKE OUT ON FACE

Lasted Nearly a Year. Healed by Cuticura.

"My skin trouble began with pimples. It gradually grew worse and spread to my body. They were red and itched very much, and when I scratched them it caused more pain. Scratching caused eruptions which bled my face. At night I could not sleep on account of the irritation. The trouble lasted nearly a year. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. The sample helped me so I purchased more and in five months I was healed."—Wm. A. Yarnum, 8234-8th Ave., Edmonton, Alta.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes. Get Cuticura at any drug store. "Cuticura" is a registered trademark. "Cuticura" is a registered trademark. "Cuticura" is a registered trademark.

It's wonderful what confidence a "shine" will give you—and how uncomfortable you feel without one! Moral—every morning use "Nugget".

"NUGGET" SHOE POLISH

There's a "Nugget" for every shoe made.

Honored Poor Inventor

Homage to Samuel Crompton
Because 150 years ago a poor boy named Samuel Crompton wanted to help his mother, a King came to England all the way from the glamorous Orient, with all his glittering entourage, to stand in silent homage at his simple grave-stone.

What the boy did completely revolutionized the cotton spinning industry, made the British city of Bolton one of the busiest and richest towns in the world, and made possible a vast development in the cotton growing industry of Egypt.

That's why King Fud came from Cairo especially to take part in the centenary celebration of Crompton's death.

Last January, when the International Cotton Congress was held in Cairo, the King was asked to come to the Crompton celebration at Bolton. He accepted.

As a boy, when Samuel Crompton helped his mother spin yarn at home for the industry was then carried on in the cottages, the difficulties he encountered suggested to him a cross between the Hargreaves and Arkwright contrivances.

The invention is generally known in the trade as a "mule." Its principal innovation was the introduction of a spindle carriage which took away the strain on the thread and ended much finer yarn to be spun, thus making much possible.

Today Best Time to Buy Farms

Begin Now to Plan and Prepare for the Future

"Buy farms now!" is in view of the present discontent of the farmers—the unusual advice of the "Southern Agriculturist."

An editorial in the April 15th issue reads: "The young farmer, the older one, for that matter—who gets his feet firmly planted on his own land now and begins planning and preparing for the future is not at all likely to regret his action in the years to come." Justification for this advice is found in the fact that the future of farming and in the fact that today farm lands are cheap.

"Just because farm profits have been small these last few years," points out the editorial, "is no reason the young man or young woman with a liking for country life should be afraid to risk his or her future on the farm. No reason a parent should hesitate to train his children for work on the farm and for life in the country. And looking forward to that time one should obviously buy land now when prices are low."

The Oil for the Athlete.

In rubbing down, the athlete will find Dr. Thomas' Electric Oil an excellent remedy. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

Would Widen Markets For Australian Goods

Canada-Australian Trade Treaty Very Much to Canada's Advantage
W. Cattannach, who is visiting Canada at the request of Premier Bennett of Australia, in an address to the board of trade at Toronto said his object was to secure a larger market in Canada for Australian dried and canned fruits and for Australian products generally.

The speaker pointed out that the Canada-Australian trade treaty was working out very much to Canada's advantage, the balance of trade being unfavorable to Australia, to the extent of \$7,500,000.

Contrary to popular belief, the whale does not spout water. The condensation of its warm breath in the colder air makes it seem like a geyser of water.

Lots of men pray for things they wouldn't be willing to work for.

Minard's Liniment is reliable.

Sheep Protection Act

Municipalities in Saskatchewan Now Liable for Damage Done by Dogs
Saskatchewan's new act for the protection of sheep from dogs, went into effect May 1st. Under its provisions, any municipality in the province is liable for damages done to sheep by dogs, and all municipalities must appoint competent valuers to assess damages where sheep are destroyed or damaged by dogs. To provide funds to meet these losses, any municipality may impose a dog tax of \$1.00 for first and \$2.00 for the second male dog kept, and up to \$5.00 for each female.

A Nova Scotia Lady Was in an Awful Condition
Men and women who do not sleep well and are not refreshed and strengthened by a night's rest, are generally suffering from this, watery blood. The nerves fail to get the nourishment they demand and headache, a worn-out feeling is the result. Building up the blood is the one sure step to renewed health and strength, and for this purpose nothing else can equal Dr. Williams' Pink Pills. From first dose to last they enrich and purify the blood, and in this way promote better appetite, better rest at night, and renewed strength.

FOUND A HEALTH BUILDING TONIC

A Nova Scotia Lady Was in an Awful Condition

Men and women who do not sleep well and are not refreshed and strengthened by a night's rest, are generally suffering from this, watery blood. The nerves fail to get the nourishment they demand and headache, a worn-out feeling is the result. Building up the blood is the one sure step to renewed health and strength, and for this purpose nothing else can equal Dr. Williams' Pink Pills. From first dose to last they enrich and purify the blood, and in this way promote better appetite, better rest at night, and renewed strength.

Mrs. Mary E. Uhlman, Williamsport, N.S., writes: "I have received so much benefit from Dr. Williams' Pink Pills, that I would feel myself ungrateful if I did not let you know. I was in a very poor state of health and reached the stage where I had to remain in bed. A doctor was called in and he told me I had no organic trouble, but was simply run down from overwork. I had been left with a weak, watery blood. The doctor said my blood had almost turned to water, and advised a rest cure. I did not see how it was possible for me to take a very long rest, so I decided to try Dr. Williams' Pink Pills. Soon I found my strength returning and before very long I was able to go about my duties as usual, which I did by dressmaking. The doctor said my blood had almost turned to water, and advised a rest cure. I did not see how it was possible for me to take a very long rest, so I decided to try Dr. Williams' Pink Pills. Soon I found my strength returning and before very long I was able to go about my duties as usual, which I did by dressmaking. The doctor said my blood had almost turned to water, and advised a rest cure. I did not see how it was possible for me to take a very long rest, so I decided to try Dr. Williams' Pink Pills. Soon I found my strength returning and before very long I was able to go about my duties as usual, which I did by dressmaking. The doctor said my blood had almost turned to water, and advised a rest cure. I did not see how it was possible for me to take a very long rest, so I decided to try Dr. Williams' Pink Pills. Soon I found my strength returning and before very long I was able to go about my duties as usual, which I did by dressmaking. SAYS CONDITIONS IN WEST WERE NEVER BETTER

Calgary.—At the 50th annual general meeting of the Canadian Manufacturers' Association, an optimistic note was struck by the chairman of the prairie division, T. N. Clayton, Winnipeg, in his review of conditions in the prairie provinces.

"General conditions in Western Canada were never more full of promise," he declared. "We are looking forward confidently and with justification to rapid development in the immediate future. Our primary industry, agriculture, has made tremendous strides in past three years and established itself on a firm basis than ever before. Although weather conditions have been adverse this year and the acreage sown will very likely show a decrease from last year, yet there is no reason why we cannot expect a bountiful harvest."

"Probably no work of the association in the prairie provinces," said Mr. Clayton, "shows more encouraging results than the 'Produced-In-Canada' campaign. During the past year it has been adopted by the public generally. One no longer hears the statement that one might better buy imported goods and pay the public duty, than buy Canadian products. This is attributable largely to the 'Produced-In-Canada' campaign of the association and to the several buy-home campaigns arising therefrom. These have aroused the public to the benefits that accrue through buying goods made at home, in the way of increased employment and payrolls in their own localities."

In conclusion, Mr. Clayton said: "Most gratifying of all the year's developments on the prairies has been the change in the public attitude toward manufacturing. A fuller appreciation of the value of the payroll and the factory to the community has led the public mind and we find at all points a keen desire for new industries and a willingness to extend aid in having them established. All these provinces abound in natural resources and opportunities which constitute prospects worthy of serious investigation. I would recommend that all Canadian manufacturers give due consideration to these possibilities for the profitable extension of their operations."

Appeals For United Canada

Should Keep Soviet Agents Out Says Sir Henry Thornton

St. Thomas, Ont.—Sir Henry Thornton, president and chairman of the Canadian National Railways, in the course of an address before the business men of this city, suggested that agents of Soviet Russia should steer clear of this country and permit Canadians to build a united, contented and prosperous dominion.

"This nation is founded upon the fine traditions of the Anglo-Saxon race," his lordship embraces the fine principles of the English law and fair play," Sir Henry said. "We are essentially a law-abiding people, and we want no element to come in and disturb that condition."

"Whatever others may think about other farms of government and about visionary schemes of society, it may conservatively be described as distinct and unique and if any communist wants to come here and rouse the slaves, we should inform them that we can do the waking of these slaves ourselves."

Using St. Lawrence Route

Quebec.—A record number of immigrants entering Canada through the port of Quebec compared with corresponding periods of recent years is reported here by the harbor authorities. In the course of the first five weeks of navigation more than 30,000 immigrants have disembarked. Immigration officials believe that over 200,000 will come in this year, by the St. Lawrence route, as compared with 109,000 last year and 85,000 in 1925.

Would Advertise Canadian Foods Ottawa.—The Canadian Horticultural Council has placed before the federal department of trade and commerce a proposal respecting participation in the scheme for advertising of Canadian food products in Great Britain.

Plan Big Elevator Vancouver, B.C.—The Province says: "Construction of a 1,500,000 bushel grain elevator to cost approximately \$2,000,000 will be commenced here shortly by the Alberta Wheat pool, according to announcement from Calgary."

W. N. U. 1664

For a Better Understanding

Appreciation of Needs of All Portions of Canada Required Says Beatty

Vancouver.—In this year which we celebrate the Diamond Jubilee of the Confederation of Canada, our greatest contribution to the memory of those courageous Fathers of Confederation should be a greater understanding of the needs of those portions of the country in which we ourselves do not live," said E. W. Beatty, president and chairman of the Canadian Pacific Railway in an address given at a combined luncheon of the Canadian Club and the Vancouver Board of Trade.

"National characteristics are backed up by greater resources heretofore undeveloped," said Mr. Beatty. "The first is the tremendous areas of agricultural lands producing the finest wheat in the world, and not less important vast areas of equally good arable land as yet untouched by the plow."

"It is estimated, in fact," continued Mr. Beatty, "that only from one twelfth to one eighth of the country's agricultural lands have as yet been cultivated. The second is its also unlimited water power. I doubt if there is any other country in the world so plentifully supplied with power developed as in Canada, and every one realizes what that means as a factor in industrial expansion."

"The third is its forest wealth, which already has enabled it to conduct lumbering operations, the annual output of which exceeds \$145,000,000 and to produce pulp and paper to the value of \$200,000,000."

"Then there are its mineral possibilities, the possibilities which are very great enabling it to produce gold, silver, nickel, zinc, lead, copper to an aggregate value in 1925 of \$113,000,000."

Reach Amicable Settlement

Britain Waives Claims for Detention of Shipping During War

Washington.—Claims of the British Government and its nationals against the United States for seizure and detention of shipping during the world war have been waived by Great Britain. It was disclosed with publication of notes ratifying an agreement reached two weeks ago.

In return the United States Government agrees to employ money thus saved to pay claims of American citizens against the British which might fall of settlement in the British courts but which the United States Government regards as meritorious.

British claims which the United States Government has recognized as just are understood to total approximately \$1,000,000, with others for which liability has not been contented reaching a higher figure.

Many Settlers Reached Winnipeg Winnipeg.—A youthful party of 45 Scotch boys from the hills and glens of Scotland and from the industrial centre of Glasgow have arrived in Winnipeg seeking jobs and farm locations on the prairies. With this party were four British and two Danish families who will settle on the prairies as soon as they can find a satisfactory place. Other arrivals were Poles, Russians, Hungarians, Czech-Slovakians, Rumanians and Swedes.

Cut-Off Date for Pool Wheat

Regina, Sask.—The directors of the Saskatchewan Wheat Pool have set July 15 as the cut-off date for the 1926-27 crop. It was officially announced. All street grain delivered and settled for by cash ticket on or before July 15 will be included in the 1926-27 pool. For carlot grain, all grain not loaded out by July 15 will be carried over into the 1927-28 pool.

Ramsay MacDonald Will Take Rest London.—James Ramsay MacDonald's doctors have ordered him to abstain from all active political work for a month. The former Labour Premier is still feeling the effects of the illness which confined him to a hospital during his recent visit to the United States and will go to Scotland for a rest.

British Discontinue Convoys

London.—The Admiralty has issued a communique stating that the British naval authorities in China were discontinuing the convey of merchant ships as firing on steamers in the Yangtze river had ceased. Destroyers will be held in readiness, however, to deal with possible recurrence of firing.

Plans Ottawa-London Flight

Ottawa.—Ottawa-Captain E. L. Janney, 34-year-old Canadian flying ace, has announced and definitely planned to make a flight to London on the morning of June 30 next in his proposed non-stop flight to London, England, to celebrate Canada's jubilee celebration.

U.S. Pilot Lost Bearings

Went 145 Miles Off Route Between Montreal and Ottawa

Ottawa.—After being in air for five and one-quarter hours, having lost his bearings and gone more than one hundred miles off his route, Captain R. G. Hoyt, piloting a United States Army goodwill plane, landed at Ottawa. In leaving Montreal the aviator mistook the St. Lawrence River for the Ottawa River, he said, and after following the former stream for some hours, came to earth to regain his bearings and discovered he was 145 miles off his route.

The final landing in the capital almost proved disastrous. The field adjoining the Dominion Experimental Farm, on which the plane came to earth was rough of surface and in gliding down the plane suffered a smashed wing and badly crumpled landing gear. Both Captain Hoyt and Sergeant B. D. Booser, who accompanied him, escaped injury, however.

Manxmen to Celebrate

Possibilities of Increased Immigration to Canada Will Be Discussed

New York.—Five hundred Manxmen residing in Canada and the United States sailed from Montreal June 3, for a four weeks home-going celebration on their native soil, the Isle of Man, famous for its tall tales and ancient for its self-government. Possibilities of increasing Manx immigration to Canada and the United States will be among subjects to be brought up at the celebration on the island.

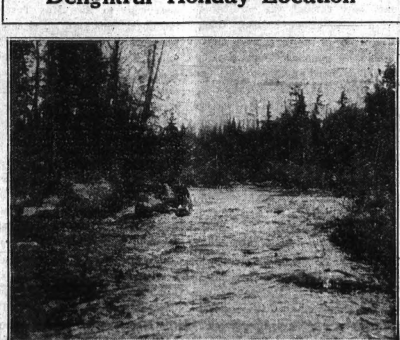

NEW U. S. ENVOY IS PRESENTED TO LORD WILLINGDON

Ottawa.—Hon. William Phillips, first United States minister to Canada, formally presented his letter of credence to His Excellency the Governor-General. Mr. Phillips was presented to His Excellency by Dr. O. D. Skelton under secretary of external affairs for Canada.

His Excellency's secretary, Mr. Phillips, in the establishment of my mission, to strengthen the cordial sentiments which have ever animated the people of Canada and the United States, confident that their association in everything that touches peaceful and orderly progress will bring new benefits to both. And these cordial words found echo both in the letter of credence from President Coolidge and in the reply of Viscount Willingdon, Governor-General. President Coolidge observed that Mr. Phillips is well informed of the desire of the United States government to cultivate to the fullest extent the friendship which has so long existed between Your Majesty's Dominion of Canada and this country."

"I am very sensible," said Viscount Willingdon in reply, "of the remarks to which you have given expression with regard to the cordial and friendly relations which have long existed between our two countries, and can assure you that both I and my government will give you every assistance in promoting our mutual progress and prosperity. We, in Canada, recognize the many advantages we have obtained from the fact that we live in close association with a great and powerful neighbor and trust that these relations may be confirmed and strengthened during your term of service amongst us."

Delightful Holiday Location

Algonquin Park, in Ontario, is one of the Dominion's charming holiday spots, particularly for the lover of fishing, canoeing and other aquatic sports. Here a canoeist is shown making his way through the passage which leads into St. Andrew's Lake, one of the beauty spots of this delightful holiday resort.—Canadian National Railways photograph.

FOREIGN POWERS SENDING TROOPS TOWARDS PEKING

Peking.—The movement of the Nationalists on Peking, ancient capital of China, and the strategic retreat of Chang Tso-Lin, Manchurian war lord, under whose regime foreigners in the Peking district have been protected, has caused an ominous rumbling in the Chinese interior. The powers are expected to concentrate allied forces for protective purposes in the threatened area.

Japan has landed 2,000 troops at Tientsin, ready to advance to Tientsin, capital of Shantung province, along the Shantung Railway, which Japan surrendered to China at the Washington conference. This advance, it is stated, will be made only if Japanese interests require protection. There are also indications from Tokyo that 2,000 additional troops will be dispatched to Peking and Tientsin if needed.

Great Britain is ready to dispatch at least a battalion to Tientsin from Shanghai, and it is understood the border regiment has been selected.

The United States is moving between 4,000 and 5,000 marines from Shanghai and the Philippines to Tientsin to meet any emergency that may arise.

Practically all missionaries in the northern inland states were evacuated to the coast early in April, and a large proportion of the women and children in Peking left either for the coast or for Japan at the same time.

The Japanese expedition is adversely criticized by all factions of Chinese here, who assert it has even less justification than the British expedition to Shanghai.

International Bridge Opened For Traffic

Formal Dedication of Peace Span

Takes Place in September

Buffalo, N.Y.—The new international peace bridge spanning the Niagara River between Buffalo and Buffalo public officials led by Mayor Frank K. Schwab, left the United States end of the structure for the Canadian side. There, they circled around the piers bridge plaza, picked up Canadian officials headed by Reeve Louis Douglas, of Port Erie, Ont., and returned to the American side.

Display and ceremony was lacking. That will come, probably in September when at the formal dedication of the \$4,500,000 span, high officials of the Canadian and United States governments will take part. President Coolidge has been invited and sponsors of the ceremony expect the attendance of the Prince of Wales and Premier Baldwin of Great Britain as well as Canadian executives.

To Represent King at Service

London.—Their Majesties the King and Queen will be represented by the Duke of Connaught, at the great service in Westminster Abbey, on July 1, in celebration of the Diamond Jubilee of the Canadian Confederation, the Canadian Press is officially informed. Their Majesties will not be able to attend the service as they will be engaged in Scotland at that time.

Canadian Minister Welcomed in Kentucky

Addressed English-Speaking Union on "Exploits of Neighbourhood"

Lexington, Ky.—The Union Jack and the Stars and Stripes politely fraternized over the heads of 150 members of the Kentucky branch of the English-speaking Union while Hon. Vincent Massey, Canadian minister to the United States, spoke on "Exploits of Neighbourhood."

"I am glad English-speaking folk are learning that we may be good patriots and good neighbors at the same time," he said. He praised the English-speaking Union for its work in promoting comradeship and good feeling between peoples and paid a tribute to the Kentucky branch.

Judge R. W. Bingham, honorary president of the Kentucky organization, presided at the luncheon. He characterized England as the "most important entity in the world."

"By England," he said, "I do not mean a small island off the coast of Europe. I refer to the state of mind of the English-speaking people throughout the world who have wrought for themselves a condition of religious, political and social freedom without losing that supporting attitude toward life which is the characteristic of the race."

Getting Branch Line Work Under Way

C.N.R. Anxious to Have Lines Completed Says Vice-President

Windsor.—"We are forging ahead with the branch lines," said S. J. Hungerford, vice-president in charge of operating of the Canadian National Railways, who arrived in the city from Montreal.

"As quickly as the contracts can be let, the work is getting under way," he added.

The system was anxious to get the lines completed and serving the public as soon as possible, he said, and good work of the work would be done this year. Mr. Hungerford was not prepared to say anything regarding new development, and knew nothing of any projected lines into Manitoba's central mining areas.

The vice-president was here on one of his periodic trips for conference with western region officials.

A Giant Photograph

New York.—A giant photograph of 23,000 square miles of Newfoundland is to be taken from the air and placed together in the most thorough search yet to be made for the missing French aviators, Nungesser and Goll.

It is believed this photograph will definitely establish whether or not the crew of France's White Bird succumbed in crossing the ocean and went down in Newfoundland.

Increase in Chemical Sales

Ottawa.—Canada's chemical industry recorded an increase of \$7,500,000 in sales during 1926, as compared with the previous year, according to the Dominion Bureau of Statistics. Production by 533 plants was valued at \$120,363,518, as against \$113,000,000 for the previous year.

Premier of B.C. Recovering

Hamilton, Ont.—Hon. John Oliver, Premier of British Columbia, who was convalescing at the home of his son here for some time following an operation he underwent at Rochester, Minn., has now recovered and he left on an automobile trip to Gray County to visit relatives.

WAR GESTURE IN RUSSIA FOLLOWS RAID IN LONDON

Moscow.—An appeal has been addressed by the central committee of all the Russian communist party organizations, declaring that the rupture of Anglo-Soviet relations is unquestionably a step towards war against the Union.

The rupture is further described as the culminating point in a long game of British diplomacy, ingraining and organizing an imperialist onslaught on the Soviet Union. It is emphasized that the Soviet Union has pursued and is pursuing a policy of peace, and that everything possible has been and is being done for the preservation of peace, despite provocations.

The appeal says that war may be forced on Russia, in spite of its efforts for peace, and calls on all members of the party and all toilers to pay the closest attention to questions consolidating the economic strength and defence of the country.

PERMIT RUSSIA TO CONTINUE TO TRADE IN BRITAIN

London.—Sir William Johnston-Hicks, Home Secretary, in a statement to the House of Commons regarding the conditions under which Russians will be permitted to trade in Britain, said that the British government had no desire to place any difficulties in the way of trade between Russia and Great Britain. Russians who desired to come to Britain for the purpose of bona fide trading, he said, would be accorded the same facilities as the nationals of any other foreign power.

The same machinery regarding visas and all other matters will apply as heretofore except that there will not be a British passport control officer in Russia. Any permission for Russian entry for purpose of trade work on the implied understanding that the passport holder would not take part in any activities or propaganda detrimental to Great Britain. John R. Clynes, Laborite, who brought up the question said that he thought the terms of this answer would be reassuring to the trading community.

Japan Anxious For Peace

Ready to Reduce Navy to Minimum of Defence Requirements

Tokio.—Japan's acceptance of President Coolidge's invitation to the tripartite conference on the limitation of naval armaments was inspired by a genuine love for peace and a sincere wish to co-operate constructively with the other powers, said Admiral Okada, Minister of the Navy, in an exclusive statement to the Associated Press.

He emphasized that his country was ready to reduce its navy to the minimum of defence requirements, and with this end in view would engage in a frank discussion with the delegates of Great Britain and the United States.

"If anybody thinks we simply jumped at this opportunity to limit armament for financial reason," he declared, "he has never learned to appreciate our true feelings. Our naval institution actually far from being of aggressive proportion was never intended to extend beyond the measure justified by defence. Even without this armament parity, we never thought of going beyond this. So we are looking forward to the forthcoming conference as something in the way of a formal occasion to confirm this fundamental idea."

Grazing Permit Cancelled

Ottawa.—Exportation and importation of reindeer to Baffin Island has proved a failure, according to advice received by the Department of the Interior from the Hudson's Bay Reindeer Company, Ltd. For this reason, and on the application of the company, an order-in-council has been passed cancelling a grazing permit originally granted to Vilhjalmur Stephansson, Canadian Arctic explorer, for reindeer and other herbivorous animals on a section of the southern half of Baffin Island.

Ban on Immigrants

Calgary.—H. B. Adhead, M.P., East Calgary, received a telegram from the acting Minister of Immigration advising him that action was being taken to prevent sailing of additional Central Europeans likely to add to present congestion. With others, Mr. Adhead had complained that too many immigrants from Central Europe were arriving for this district to accommodate with work at this time.

Princess Mary Christens Ship

London.—Princess Mary christened the Canberra which was launched on the Clyde in the presence of a large gathering and considerable enthusiasm. The Canberra, named after Australia's new capital, is the second battle cruiser built on the Clyde for Australia in a few months. The first cruiser is now being fitted out.

Approves Concession to Canada

Paris.—The Senate has adopted the bill, which has already passed the Chamber of Deputies, which approves the concession to Canada of a large tract of ground in Vimy Ridge for the erection of a monument to Canadian soldiers killed in the war.

To Develop Mining Area

Winnipeg.—Two million dollars will be spent in the Copper Mountain area on development work this year. Improved navigation and highways into this district are included in the activities of the Mining Bureau of the Winnipeg Board of Trade.

FOR SALE

Offers for the purchase of Lots 13 and 16, Block 29, Plan 2833-AA, with the building thereon, the property of William Lorne, are invited. Communicate with S. G. BANNAN, Barrister, Blaimore.

BELLEVUE, ALBERTA

Don't forget the date of St. Cyril's church annual bazaar, Wednesday next, June 15th, in the I.O.O.F. hall at Bellevue.

Clarence Chamberlain has been offered \$100,000 to fly back to America.

Mrs. Riddle, of Coleman, has been the guest of Mrs. (Dr.) Ross at Drumheller for a few weeks.

Inspector J. O. Scott, of Medicine Hat, has been appointed wolf bounty inspector under the Wolf Bounty Act.

It is now thought that the new Prince of Wales hotel at Waterton Park will not open before August 1st.

Mrs. Joseph Robertson and little son will leave Bellevue on or about July the 1st for her former home in England.

Rev. Wilkinson, formerly of Cayley and Pincher Creek, takes up the pastorate of the United church at Strathmore on July 1st.

Gordon Lewis, who has been attending Mount Allison university, is spending part of his vacation with friends in Blaimore.

R. G. Lowe, defaulting secretary-treasurer of the municipal district of Lamerton-Alix, has been sentenced to serve one year in prison.

Don't forget the date of St. Cyril's church annual bazaar, Wednesday next, June 15th, in the I.O.O.F. hall at Bellevue.

Preparations for the big Elks' summer carnival are going on apace and there is every reason to expect by far the biggest event yet staged by the local Elks.

The recent conviction of the Workmen's Club at Drumheller, on the charge of gambling, has been quashed by the court of appeal and the costs have been assessed against the informant, an ex-chief constable, or the Town of Drumheller.

JOHN F. MILLER, Eyesight Specialist, of 404 Underwood Block, Calgary, will be at the Blaimore Pharmacy on Tuesday, June 14th, for the purpose of correcting yours and your children's eyes. Do not miss this opportunity.

The ministers of the United church, in conference in Calgary, raised their voices in protest against raffling of homes, autos, etc. Human nature is a peculiar enigma. Nearly everybody likes to gamble in this form, yet the few who don't do so, don't want the other people to indulge in it.—Busano Mail.

A modern portrait of the Prince of Wales is included in the designs of postage stamps now being prepared for Newfoundland, Britain's oldest colony. Newfoundland has the distinction of being the only British possession upon whose postage stamps the mature head of the Prince of Wales has appeared.

Rev. J. W. Oliver, of the Bellevue United church, has received definite word of his appointment to the pastorate of the United church at Lion Head, Ontario, in the Hamilton conference. Lion Head is beautifully located on the Bruce peninsula, between Georgian Bay and Lake Huron and but a few hours lake trip from Sault Ste. Marie.

It took the American courts, in a commonwealth celebrated among our states for its speedy administration of justice, more than ten times as long as it took the British court to do, exactly the same thing. Perhaps, if our courts did their work with the dispatch common in England, we would have less occasion to talk about the crime wave. The fact that we have more cases than England, makes the argument for speedy justice that much stronger.—The World's Work.

The following pupils of Miss McKill were successful at the Associated Board of the R.A.M. and R.C.M. music examinations: Jean Greig (honors), Margaret Eccleston, Laura Johnston, John Kerr, Frances Cossick, Kathleen Cossick, Marie Olson, Gwen Brown, Douglas Bevan (honors), Joy Emmerson, Margaret McDonald, Gladys Key, Evelyn Bennett, Isabel Gray, Gladys Morgan, Betty Thompson (honors), Elizabeth Greig (honors), Marion Burrell, Sylvia Bobbitt, William Burrows (honors) and Marion McDonald.

Local and General Items

Most men have their troubles—and most of them wear skirts.

Joseph Saad returned to Blaimore on Thursday last, after a five-year sojourn in his old home in Syria.

Forty persons were killed and close on two hundred injured by a cyclone that hit Holland on Thursday last.

Mr. and Mrs. M. G. Rhynas and Mrs. J. E. Gillis were visitors to Lethbridge last week end, taking part in the golf competitions.

The stores belonging to A. Brunetto, next east of The Enterprise and formerly occupied by the Star Bakery and G.W.V.A., are being renovated.

The Oddfellows of Stellarton, Nova Scotia, are erecting a hall, to cost in the neighborhood of \$17,000. The building is to be of brick, three storeys.

The ladies of St. Cyril's church, Bellevue, are looking forward to their annual bazaar, which will be held on Wednesday next in the Oddfellows' Hall at Bellevue, and which they expect will be a huge success.

Mr. W. M. Bush received word Tuesday morning that his wife, residing at Walkerton, Ontario, had entered a Guelph hospital to undergo a serious operation. Mr. Bush has wired his son Howard to proceed to Guelph from Chicago.

This week the first issue of "The Triangle," a booklet edited by the pupils of the Bellevue high school, made its appearance and is indeed a very creditable sheet. Copies may be obtained at 20 cents from any of the high school pupils of Bellevue.

Don't forget the date of St. Cyril's church annual bazaar, Wednesday next, June 15th, in the I.O.O.F. hall at Bellevue.

The younger ladies of St. Anne's church met at the residence of Rev. Father Harrington on Tuesday evening, the 7th inst., and organized the Junior Catholic Women's League. Quite a number were present and considerable enthusiasm was shown in their desire to promote the success and welfare of their organization.

A young local lad was obliged to be the goat for many others, when on Tuesday he paid a fine and costs in connection with a horse roaming at large and impounded under the Blaimore pound by-law. At the same time eight other such animals were roaming through the town and no action taken against them.

Mrs. D. A. Perry is attending the provincial chapter meeting at Lethbridge of the Order of the Eastern Star. Mrs. Perry used mighty good judgment selecting a rainy season, when D. A. couldn't make too free use of that new car when she was out of town. Got to keep a "trip rope" on these station agents.—Strathmore Standard.

Tourist traffic through the Crows' Nest Pass was tied up temporarily this week through the washing out of a small bridge crossing Glacier Creek. As a result, a large number decided to camp at Crows' Nest and at the east end of Crows' Nest Lake for a few days. Others, rather than be delayed, travelled the old road over the summit. Mr. Wallace had a gang of men at work and a temporary bridge has been erected and cars are now going through.

The United church conference adopted a resolution asking for recognition on civic and state occasions. There is probably no reason why the United church should not receive the same recognition as other similar organizations. But the Savior mentioned something about the meek, and about people who work to be seen of men and who love the uppermost rooms and the chief seats. Possibly the militia are not the only people who like to show off.—Nanton News.

Cardston will entertain Chautauquus June the 17th to 23rd, inclusive.

Mr. S. P. Hunter, of Pincher Creek, was a visitor here on Thursday afternoon last.

With the warm weather of Monday and Tuesday, local streams increased in volume, but so far there is little prospect of their reaching a flood point.

The regular monthly meeting of the I.O.D.E. will be held in the Greenhill hotel on Monday next, June 13th, at 7:30 p.m. All members are requested to be present.

Dr. V. V. Christie, grand master of the Grand Lodge of Alberta, I.O. O.F., will visit Bellevue Lodge No. 118 on Monday night next. A full attendance of members is requested.

Clarence D. Chamberlain and Chas. A. Levine made a successful 3900-mile non-stop flight from New York to Germany, establishing a new record. Their machine, the "Columbia," is owned by Levine.

Don't forget the date of St. Cyril's church annual bazaar, Wednesday next, June 15th, in the I.O.O.F. hall at Bellevue.

The Banff-Windermere highway and the Lake Louise-Field road were officially opened to the public for the 1927 season on June the first. It is expected that the number of tourists viewing Alberta's scenic spots this season will be larger than ever before.

The Oddfellows of Coleman will hold their annual decoration and memorial service on Sunday afternoon next. A similar service will be held in Blaimore on Sunday, June the 19th. All members of the I.O. O.F. and Rebekahs are expected to attend.

Premier Brownlee will leave on a trip to England toward the end of this month. A first-hand checkup on the immigration work being carried on by Hon. Herbert Greenfield and an inquiry into the possibilities of a general agency office in London will be one of the main purposes of the trip.

Mr. George J. Drobe, travelling passenger agent for the White Star, American, Red Star, Leyland, Panama Pacific, Atlantic Transport and White Star-Canadian service lines, was a visitor to Blaimore on Sunday last, arranging advertising for the Christmas excursions to the old countries. Mr. Drobe's office is at 10275 101st Street, Edmonton.

Don't forget the date of St. Cyril's church annual bazaar, Wednesday next, June 15th, in the I.O.O.F. hall at Bellevue.

Once again we are called upon to sympathize with a friend who has erred and strayed from the bachelor fold and joined in war with the great army of benefactors. This time we extend same to Mr. McEachern, vice-principal of the Bellevue school, who on Friday evening last was united in matrimony to Miss May Turner, of the Royal Bank staff. The ceremony was performed by Rev. J. W. Oliver, and the young couple left on the evening train for Edmonton on a short honeymoon trip. We join with their many friends in wishing them years and years of happiness and good luck.

Mr. Robert Gray, local manager of the Plunkett & Savage warehouse and member of Lethbridge Council No. 511 of the United Commercial Travellers of America, was elected grand councillor for the three prairie provinces at the concluding business session of the seventeenth annual convention of the association on Friday afternoon at Edmonton. This is the highest office within the power of the convention to bestow and is a tribute to the regard in which Mr. Gray is held by his fellow "knights of the grip."

Quite a number from Blaimore attended the anniversary banquet and lecture at the Coleman United church on Monday evening. The lecture by Rev. Leslie Best, of Fernie, on the subject "How to be happy though married," brought the house to laughter throughout.

At the annual meeting of the Trans-Canada Red Trail Association at Lethbridge last week, Mr. A. G. Baillin, of Lethbridge, was re-elected president and Mr. R. W. Morgan, of Pincher Creek, vice-president. Mr. C. A. Richardson, of Regina, was named for a second term as commissioner.
